

# OUR BELIEFS

CHI ALPHA CAMPUS MINISTRIES Washington, DC

In simple terms, we believe in **Jesus, purpose, & community**. It's printed on our banner, our t-shirts, and on our website — so we hope it's not a surprise to you!

- We believe that Jesus is real, true, active, and worthy to be followed.
- We believe that everyone is searching for their purpose, especially in college. We believe that we've been designed by God, so we discover our purpose through our faith.
- We believe that in community, life truly is done better together, and we realize that we are made for relationships with others — those like us and those who are different from us.

---

As you guessed, it's hard to sum up everything we believe in one page. But to dig a little deeper, we invite you to view the following resources: *Faith Foundations (PDF)* & *Common Questions (PDF)*.

We also know that you may not share these beliefs. You're still invited to participate in our community. We just want you to know more about what informs all that we do.
